# Department of Obstetrics & Gynecology

**Helain J. Landy, M.D., Chair**

phone: (202) 444-8531  
fax: (202) 444-7752  
appointments: (202) 444-8232

## LOCATION

Pasquerilla Healthcare Center, 3rd Floor  
3800 Reservoir Road, NW  
Washington, DC 20007

## *Clinical Programs & Services*

### **Bone Densitometry Services** **(202) 444-8232**

State-of-the-art dual energy X-ray absorptiometry (DEXA) bone density testing. Follow-up consultation regarding osteoporosis prevention and treatment strategies is also available.

**Contact name:** Andrea Singer, M.D., Certified Clinical Densitometrist

**Appointment line:** (202) 444-8232

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.

### **Genetic Counseling** **(202) 444-8119**

Consultation to individuals and couples prior to and following prenatal diagnostic procedures as well as for teratogen exposure, family history of genetic disease, and familial breast and ovarian cancer. Common reasons for genetic counseling include advanced maternal age or cystic fibrosis carrier status.

**Contact name:** Laura Krass, M.G.C.

**Appointment line:** (202) 444-8119

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.

*Clinical Programs & Services, continued*

**Gynecologic Oncology Outpatient Services** (202) 444-2114

---

Care of patients with premalignant or cancerous conditions of the cervix, vagina and vulva. Evaluation of abnormal gynecologic findings including ovarian cysts. Care of the patient with cancer of the ovary, uterus, cervix, vagina, vulva or molar pregnancies/chorio-carcinoma, including outpatient chemotherapy. Evaluation of patients with human papilloma virus infection. Expertise in colposcopy and treatment of dysplasia of the cervix, vagina and vulva.

**Contact name:** Willard A. Barnes, Jr., M.D.

**Appointment line:** (202) 444-2114

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.

**High Risk Obstetrical Services** (202) 444-8232

---

Comprehensive care of the mother and the fetus by Maternal-Fetal Medicine specialists. Management of high risk pregnancies involving preconceptional counseling, prenatal diagnosis and antenatal testing via high-level ultrasound imaging, first trimester screening (such as nuchal translucency screening), amniocentesis, chorionic villus sampling and electronic fetal heart monitoring, as well as management of delivery and postpartum care. Patients who are candidates for care by Maternal-Fetal Medicine physicians are those with maternal complications (e.g., diabetes, renal disease, Rh disease or previous difficult pregnancies). Fetal problems that often require Maternal-Fetal Medicine care include triplets, premature rupture of the membranes, premature labor, or fetal abnormalities.

**Contact name:** Joseph Collea, M.D., Vice-Chair, Division Director

**Appointment line:** (202) 444-8232

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.

**Prenatal Diagnostic and Ultrasound Center** (202) 444-8119

---

Diagnosis of fetal disorders using ultrasound, electronic fetal heart monitors, first trimester nuchal translucency screening, chorionic villus sampling and amniocentesis.

**Contact name:** Joseph Collea, M.D., Vice-Chair, Director of PDUC

**Appointment line:** (202) 444-8119

**Appointment hours:** Monday – Friday, 9:00 a.m. – 5:00 p.m.

**Reproductive Endocrinology & Infertility** (202) 296-2595

---

Comprehensive infertility and reproductive endocrinology evaluation and treatment in association with the Shady Grove Reproductive Science Center. Several office locations available; please call for information.

**Contact name:** Eric Widra, M.D.

**Appointment line:** (202) 296-2595

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.

## OBSTETRICS & GYNECOLOGY

---

### *Clinical Programs & Services, continued*

#### **Reproductive Toxicology**

**(202) 444-8531**

Consultation on the effects of drugs, chemicals, physical agents, and biologic agents on fertility, embryo development, pregnancy outcome and lactation. Health providers may call for informal consultation or may refer men and women for detailed discussion of the available data and strategies to minimize adverse impact on reproduction.

**Contact name:** Christine Colie, M.D.

**Appointment line:** (202) 444-8531

**Appointment hours:** Monday – Friday, 8:30 a.m. – 5:00 p.m.
